FAQ's

- *Will there be restrictions on how the funding can be used?*
Yes, the funds are restricted to OSU Extension use only. Extension personnel will use the funds to purchase livestock feed and/or wildfire recovery operation supplies strictly for use directed to Oregon Wildfire Recovery and Research.
- *Will OSU be taking any amount of the donations for overhead?*
Yes, a 5% fee will be assessed for overhead costs. These are cost associated with processing these donations and coordinating the needed emergency purchases.
- *What is the process for determining to whom, and how much, of the funding is allocated?*
Allocation of the funding will be at the discretion of OSU Extension administration and based within the restrictions of donor intent for wildfire recovery and research.
- *If more funds are collected than allocated, what will happen to the "extra" amount?*
Extra funds will be allocated for future wildfire needs, research for better preparedness for next wildfires, and/or the AgriStress hotline to provide support to those impacted.
